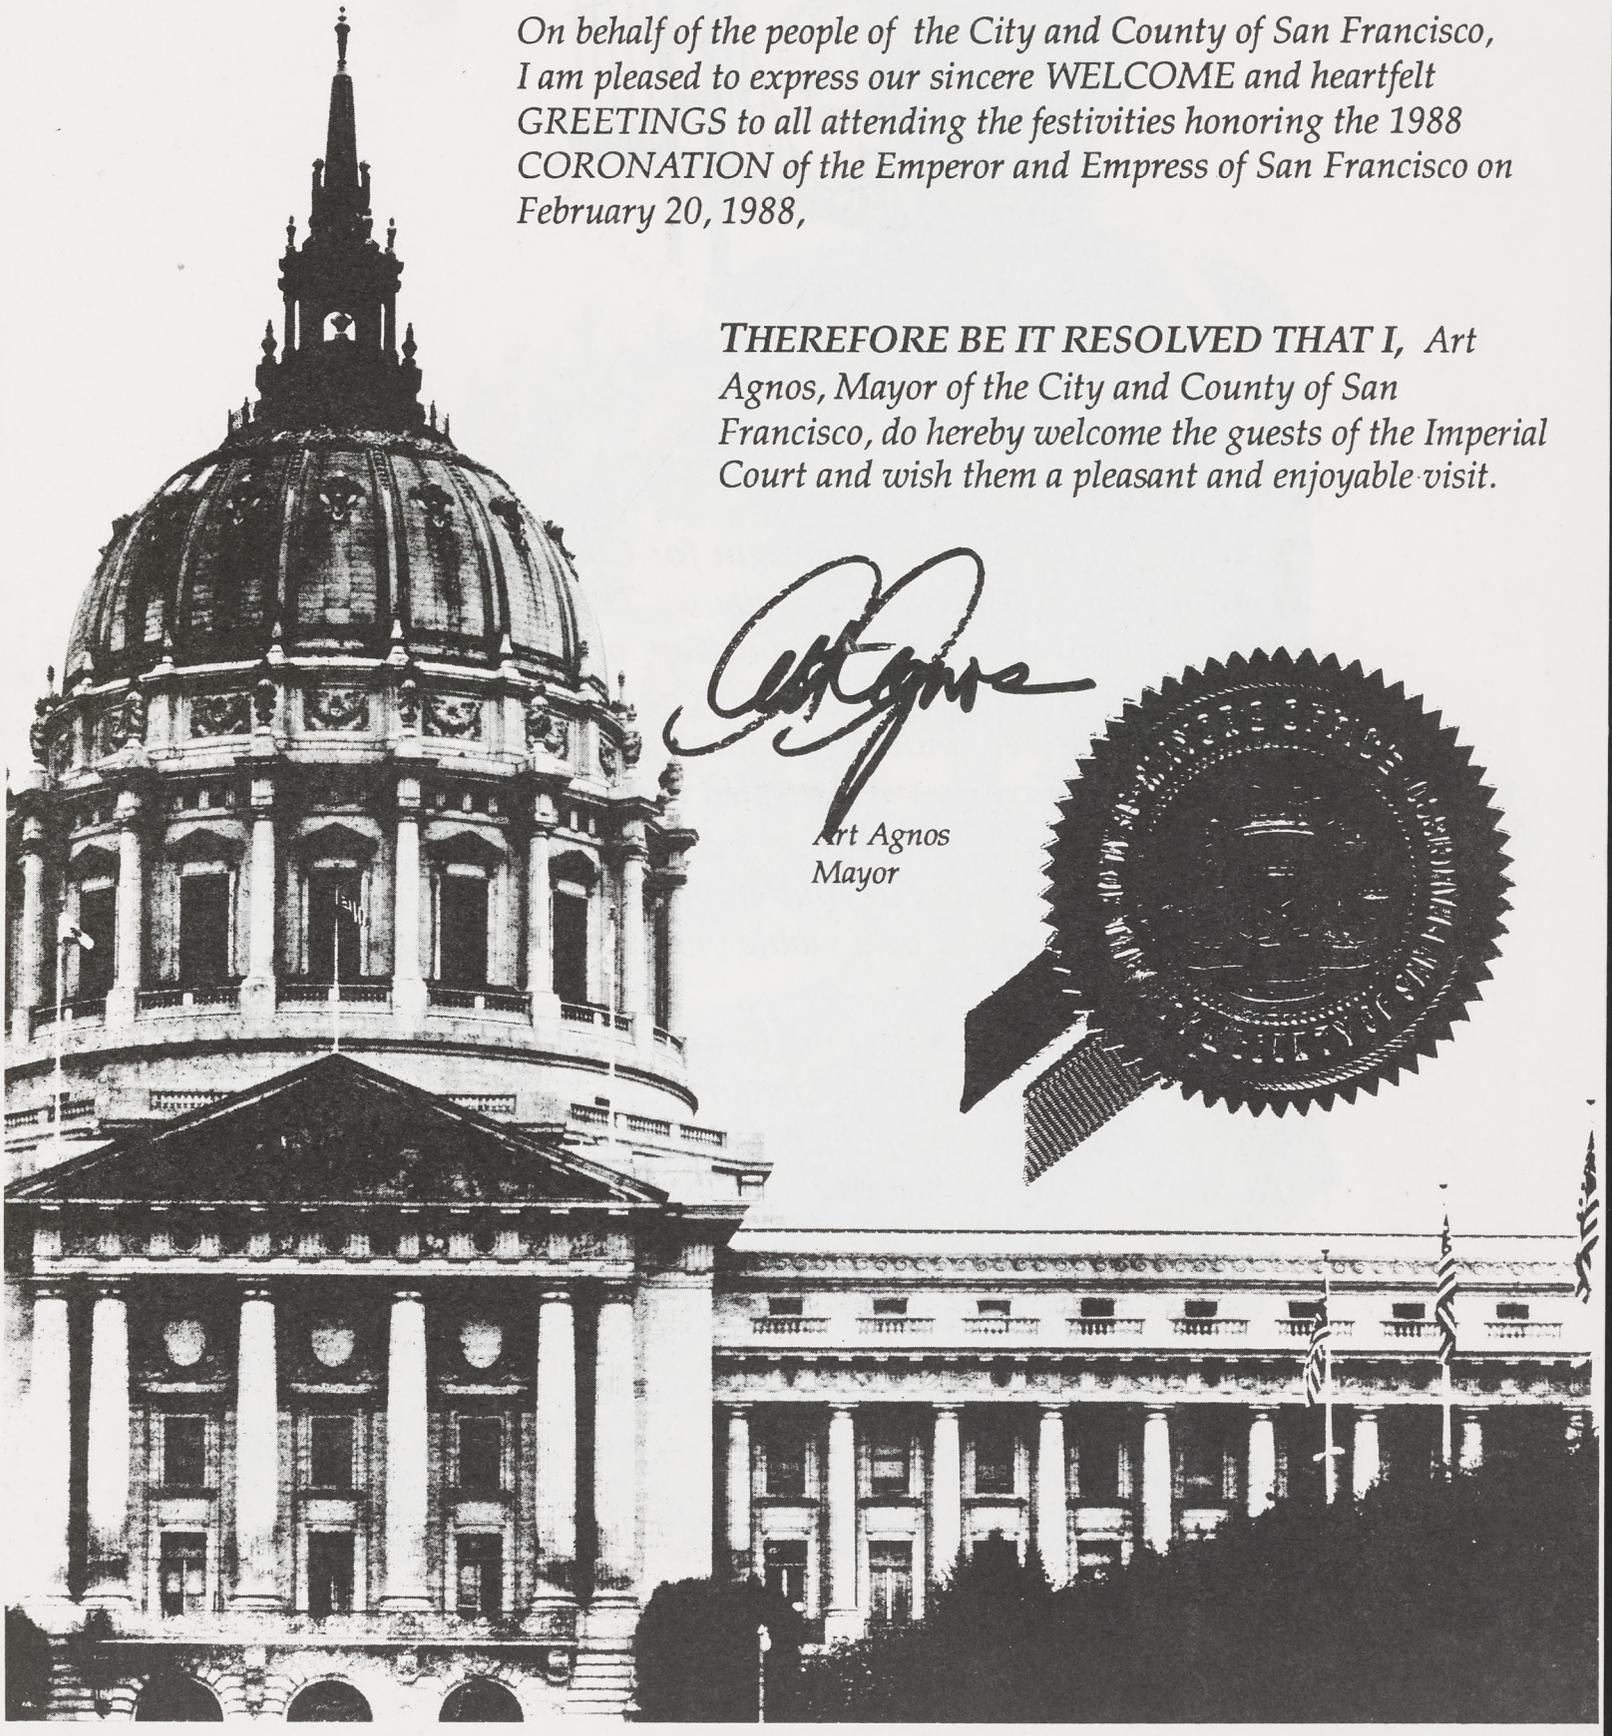
Greetings

On behalf of the people of the City and County of San Francisco, I am pleased to express our sincere WELCOME and heartfelt GREETINGS to all attending the festivities honoring the 1988 CORONATION of the Emperor and Empress of San Francisco on February 20, 1988,

THEREFORE BE IT RESOLVED THAT I, *Art Agnos, Mayor of the City and County of San Francisco, do hereby welcome the guests of the Imperial Court and wish them a pleasant and enjoyable visit.*

Art Agnos
Mayor



Dear Friends,

Thank you for joining us tonight for Coronation 1988, Millionaires, Miners and Madams. This has been a special year for us both. In addition to our support of the community, we have traveled extensively. Both in our own community and on the road, we were indeed fortunate to have had the opportunity to have met and partied with so many nice people.

We hope you will extend your gracious hospitality to our successors as they travel to your empires. For united, the court system will continue to be a viable part of our community's growth.

As we travel the circuit in the future, we look forward to seeing our out of town friends again.

To our friends and supporters in the San Francisco empire, (including Marin and San Mateo Counties), thank you.

THE IMPERIAL BOARD OF TRUSTEES

The Imperial Board of Trustees was created in 1983 after a great deal of negotiation between the Council of Emperors, the Council of Empresses and the Tavern Guild Foundation. Its purpose was to create a single election of an Emperor and Empress of San Francisco, to reign together as a team. This would supercede the system which had an Empress elected in February and an Emperor elected in September, with two separate Coronations, two separate investitures and two separate courts. Up until that point each Empress reigned a part of the year with one Emperor and the remainder of the year with another Emperor and each Emperor reigned with two Empresses. It was fairly efficient in San Francisco but it created problems for our out-of-town Courts. They did not understand it because they had joint elections and joint Monarchs. It also created a hardship on them to come to two separate Coronations each year in San Francisco.

The first Monarchs elected together under the new system were Empress XVIII Absolute Connie and Emperor XI A.N. Tattoo Jim. Subsequently, four Emperors and Empresses have been elected and have reigned together. There have been some problems and some growing pains but, for the most part, the Monarchy is alive and well and strong.

The Board of Trustees has full responsibility for interviewing and approving candidates for the Offices of Emperor and Empress, for presenting the Imperial Gala, the Imperial Investiture, the yearly Coronation and the Imperial Brunch. They conduct the yearly election in accordance with very strict rules and regulations. Every effort is taken to assure a fair and just election.

Rules are important to any organization and since the Board of Trustees is charged with presenting to the public only candidates who will uphold the traditions of an Empire twenty-three years old, they are very strict. The Emperor and Empress are in a position to reaise much money for the needs of our community and there must not be any opportunity for any kind of wrongdoing.The Board, accordingly, makes a value judgement concerning an applicant as to the probability of the applicant being able to properly hold the office. Past, present and probable future are all considered in the Board's deliberations. An applicant is not a candidate unless or util the Imperial Board of Trustees approves that applicant as a candidate. There is no appeal and write-in votes will not be counted—write-in ballots are destroyed by the Certified Public Accountant and no accounting is made of the number of write-in votes cast, if any. These rules have been in existence for the duration of our Empire—they are not new rules. The Board does not take its responsibilities lightly and the Board is dedicated to the perpetuation of the Offices of the Monarchy.

In addition to the abovementioned responsibilites, the Board monitors the conduct of the Monarchs while they are serving in the office, controls the pursestrings and makes every effort to instill community service into the concept of the office.

Governing Boards are seldom very popular but, if our Monarchy is to survive, it is necessary to fulfill all obligations, assume all responsibilities and adhere to all rules, whatever the intimidation because of dissastisfaction. There are ten members and three alternate members, four each and one alternate each from the Council of Emperors and the Council of Empresses and one member and one alternate from the Tavern Guild Foundation.

During their reign Emperor Patrick and Empress Tina have either produced or sponsored at least one fund raiser per month raising a total of $9,960 benefitting the following charities: AIDS Emergency Fund, MCC Project Rest Stop, Open Hand, AIDS Walkathon, Coming Home Hospice, AIDS Food Bank, The Names Project, Tessie's Holiday Dinners, and the International Lions Eye Foundation. They have attended or assisted in innumerable other fundraisers.

The Board of Trustees would like to congratulate Patick and Tina on an outstanding year of community service.

From The Desk of the Prime Minister

After 23 years, the court system continues to work. A lot of people have devoted many years of effort and energy to ensure that future monarchs will have a firm foundation from which to reign.

After the campaign and coronation, give your support to your newly elected monarchs. The Reign is the working part and every monarch can use assistance.

I would like to thank all the people who played a part in making the year of the Court of the Golden Gate special for Emperor Patrick and Empress Tina.

The Emperor and Empress of San Francisco have made about 500 appearances this year, sometimes as many as three a day, for all types of functions, but primarily fundraisers for the benefit of our community.

We doubt if any individual can even come close to matching this performance!
